**NO FT. HAYS NORMAL.**  
*School Will Not be Started on Reservation This Year.*  
Emporia, Aug. 7.—President Wilkinson, in an interview, says:—"That no teachers had as yet been employed and the Board was in no hurry to press matters as it was quite immaterial to them when the school started, although, of course the sooner the better for all concerned. The matter is in the Land Office and may be settled next month. This, however, would not leave much time for the 'sooners' to vacate and have the buildings repaired, so it has been wisely decided to wait another year before starting the school."  
—"I understand that if the Settler's claims are allowed the people of Hays will buy their claims".  
The above appears in the Topeka papers this week and was expected. If the Reservation committee had insisted on their going on with their work with the 5570 acres they had, put our mechanics to work, showing their good intentions, rather than delaying, following a 'shadow', and giving them to believe they could get it all, and they would buy off the settlers, we believe the committee have killed off the school for this year.  
The Free Press said weeks ago, and now it has come true:  
"But the most unfortunate action of the Committee has been to give the Regents an idea All or nothing instead of urging—Take what you got and we will TRY and get you the balance—establish your school and go on with your Experiments". It would be working for Ellis Co. instead of holding off for next year political capital for candidates.  
"Ain't our people getting tired?"  
Nearly 4 months and not yet published the agreement of the Regents left here for the public.  
President Wilkinson's remark:—"It was quite immaterial to them" is just what Atty Cox said in his Brief to the Sec. tary."  
—"What a spectacle is this!"  
The great State of Kansas having received the exceeding liberal donation of 5600 acres as a gracious gift, having failed to expend a dollar for its improvement, leases it for profit, even the timber of the college campus, fenced for cattle and horses to run in and eat off and break down instead of protecting it. In its greed reaches out and seeks to deprive poor honest settlers of the fruits of their labors and expenditures. For shame Mr. Goddard. The State asks Equity but it does NOT do equity. Until it has at least taken some step to carry out the spirit and intent of the donating act, establish the normal school and maintain the timber as a public park, not a cow and horse pasture it cannot come before your department and seek to establish a paramount right.  
Better come on and put Brosius and his men to work any show expected in the Land office. It will count more than Briefs or promises or affidavits of a committee of past or future work.

**LIKELY They're Sorry Now.**  
When President Taylor & the Regents were here they were asked to confer with the Reservation homesteaders and arrange a settlement with them. Schlyer, Penny & Saum of the committee have been requested to meet them and agree on a basis of settlement for the improvements but they have not done so preferring to "Freeze them out".  
Atty. Gen. Goddard passed thro' here but didn't stop to treat with them for the State.  
But now they no doubt regret it for it would have been a big card with the Sec. of the Interior in the present hearing if they could have said in their Brief:  
"We have agreed to pay the homesteaders for their improvements, the Regents have agreed to pay for the breaking, as they can use it, so no harm or hardship will come in cancelling the entries".  
The Golden Rule is a good one. Justice between man and man is always a winner.  
Now staring them in the face is \$4000 improvements made by honest settlers, with Godard & Reed's "Freeze them Out" interview, and Griffith's "Whooop La" article, which taff won't cover.  
We still believe the Committee made a mistake.

**Coughing**  
"I was given up to die with quick consumption. I then began to use Ayer's Cherry Pectoral. I improved at once, and am now in perfect health."—Chas. E. Hartman, Gibbstown, N. Y.  
It's too risky, playing with your cough.  
The first thing you know it will be down deep in your lungs and the play will be over. Begin early with Ayer's Cherry Pectoral and stop the cough.  
Three sizes: 25c, 50c, \$1. All druggists.  
Consult your doctor. If he says take it, then do take it. He knows. Leave it with him. We will take it. He knows.  
V. C. AYER & CO., Lowell, Mass.
